MESSAGE TO ADVISORS

Welcome to the current SkillsUSA California competitive events season!

We have revised our Substitution Policy, and this was implemented for the 2020-2021 school year on a trial basis. This policy may continue to be revised, as needed, to best meet the needs of both our team and those we service. The most recent revision date will be listed at the bottom of this page, for your reference.

Please review the bullets below:

- Please make all registrations for conferences at least 3 days prior to the registration deadline. Then review these registrations for accuracy. This will significantly minimize the need for substitutions. The fewer substitutions being processed, the less likely our need to cease the revised policy.
- Substituting contestants properly is imperative! When done properly, the record in the Conference Management System (CMS) database can be changed to reflect the substituting contestant's information, allowing the contestant to continue competing without risk of being denied or disqualified. It also allows the student to see the score received under their own name and receive certificates with their name.
- The substitution fee being assessed is to cover the additional workload associated with properly documenting the record changes in the CMS database.
- **Do not be dishonest by attempting substitutions without notifying SkillsUSA California Staff. This will result in disqualification of individual or team contestants.**

This policy was last updated/revised on November 30, 2021.

REGIONAL SUBSTITUTION POLICY

Please read the policy in its entirety, as failure to follow this process may result in disqualification.

---- INDIVIDUAL CONTESTS ----

In order to be eligible for substitution, **all** of the checkboxes below () must be checked as true / complete.

• Qualifying Contests

- 1) Individual Contest Substitutions are limited to contests with a contest limit of 3 or fewer contestants per chapter. Check your region's page for contest limitations.
 - Any contests that allow 4 or more contestants to register per chapter, do not qualify for substitution.
- 2) The chapter must have all allowable contestant spots filled.
 - If a chapter registered only 2 out of the 3 spots available, they do not qualify for substitution.

• Qualifying Substitutes

- 3) The substitute contestant must have been registered as a SkillsUSA California member on or before the Regional Conference registration deadline.
 - If their information was entered, but the "Join Now" button was never clicked for them, they are not considered a member and are ineligible to compete.
 - If the deadline is November 12th and they were registered on November 13th, they will not be able to substitute.
- 4) The substitute contestant is enrolled in a CTE program for the current school year, and their CTE program instructional content is aligned to the contest for which they are substituting.
 - Example: If they are registered in an automotive program, they cannot substitute in a diesel, plumbing, welding, etc. contest.
- 5) The substitute contestant may not be registered to compete in any other contest at the Regional Conference.
 - They **cannot switch/exchange contests** after registration has closed.
 - Example: If Jack is registered for Commercial Baking, but Jane is dropping her team spot in CSI, Jack cannot switch his contest to substitute for Jane.
 - Example: If Jack and Jane were mistakenly registered for the wrong contests, they are not permitted to swap/exchange contests. Accuracy of registration information is imperative and needs to be checked prior to the registration deadline. Do not wait until the last minute to register, as this increases the likelihood of errors.

Advisor / Chapter Responsibilities

- 6) The chapter agrees to pay a \$50 fee for each substitution. This fee is due prior to the event, or the substitution will be forfeited.
 - Upon receipt of the Substitution Form (see #7 below), an invoice will be generated and emailed to both the requesting advisor and the billing email on file. Payment options will be included.

- 7) The advisor must complete the [Substitution Form](#) (for each substitute request) no less than 5 business days prior to the scheduled contest date.
 - Business days do not include weekends and holidays.
 - Business days are not equivalent with school-operating days (they continue even if school is on break).

If **any one** of the above listed criteria is not met, the substitution is not valid and will not be allowed.

Substituting any contestants without processing and approval (by following the steps listed above) is **grounds for disqualification** of the contestant.
